Join us for a conversation about farmland protection

We want to hear from you. Join Environment and Energy staff for a workshop that will help shape the future of agriculture in Hennepin County. This conversation will be focused on listening to you; the challenges you face and the support you need to navigate farming in Hennepin County. Topics covered in this discussion will include land access and tenure for farmers, equipment, resource, and utility needs, and potential policies that could help meet the needs of farmers around the county.

Hennepin County Environment and Energy is excited to host this conversation in collaboration with University of Minnesota Extension, and the Twin Cities Metro Growers Network.

Thursday, August 25
6:00-7:30 p.m.
Rogers Library
21300 John Milless Drive
Rogers, MN 55374

Snacks and drinks provided!

Contact Kevin Ellis, Conservation Specialist, at kevin.ellis@hennepin.us if you are unable to attend but wish to provide input or for more information about this or future events related to the future of farming.
